

Founded in 2011 by storage industry experts focused on helping customers eliminate the compromises between scale, performance, and cost while setting a new standard for high availability. Infinidat has created a portfolio of enterprise-class storage solutions to customers empower data-driven competitive advantage at multi-petabyte scale.

VISION

Infinidat believes that companies who acquire, store and analyze the most data achieve the greatest competitive advantage.

MISSION

Empower data-driven competitive advantage at multi-petabyte scale.

TECHNOLOGY AND ECONOMIC TRANSFORMATION

Infinidat technology simultaneously delivers sub-millisecond latency, seven nines of availability, and hyperscale capacity with a significantly lower total cost of ownership than incumbent storage technologies.
