Infinidat + VERITAS™ for VMware Environments

Infinidat's InfiniSafe Technologies

Delivering essential cyber resiliency

InfiniSafe: a comprehensive cyber resilience solution at NO additional cost

Immutable Snapshots

Scheduled or manually created secure, immutable point in time copies

Logical Air-Gap

Air-Gap separates your copies logically from access

Fenced Forensic Network

Restoring into a secured area of your network

Near Instantaneous Recovery

Superior Restore Performance at scale
No dependency on dataset size

Summary of key points

- Veritas NetBackup and Infinidat create a data mangment solution for VMware that is **scalable**, **flexible** and **resilient** against cyber attacks and disasters!
- Infinidat and Veritas IT Analytics provide **insights** into VMware workload data!
- **Together, we provide optimal VMware data protection and insight solutions**

For more info (and a free T-shirt!)

The Veritas logo is positioned in the top right corner of the slide. It consists of the word "VERITAS" in a white, sans-serif, uppercase font, followed by a small trademark symbol (TM). The background of the slide is a blue-toned image of a tunnel with light trails, and a large red trapezoidal shape is on the right side.
